Law Department, Bangalore

Subject - Fixing meters for house connections in Mysore City

Sir,

Adverting to Government Order No L 3761-65/M1 48-38-4 dated 9-1-1938 sanctioning an estimate amounting to Rs 27,000/- for fixing meters for house connections in Mysore City, I have the honour to state that the Sanitary Engineer intimates that against the total number of about 6200 house connections in Mysore City, only about 1000 are so far metered owing to the Government Order sanctioning the metering of connections on houses whose rental value is more than Rs 200/- and this partial metering has not resulted in a perceptible reduction in the consumption of water It is therefore desired that the remaining house connections are also metered The present cost of a ½ meter of the approved type is about Rs 30/- The installation of meter including the purchase of the necessary C I box etc , will be about Rs 40/- so that the total cost of metering the other 5,200 house connections will be about Rs 2,08,000

I request you to be so good as to obtain and convey the approval of Government for metering of the remaining 5,200 house connections in Mysore City

I have the honour to be,
Sir,
Your most obedient servant,

Director of Public Health
